

A GRIFFIN LEGACY

2022 IN REVIEW

***HELPING OTHERS EXPERIENCE
LIFE BEYOND BOUNDARIES***

RECAP

This year has been extremely successful for the A Griffin Legacy team as well as the community. We awarded scholarships, gave donations, helped community members over the holidays, got active on Social Media, and hosted various successful football camps throughout 2022. In this newsletter we will go more in depth about what we have done and our future goals.

(Our Indoor Camp)

Scholarships:

The 2022 \$500 book scholarships provided by the A Griffin Legacy were awarded to Lima Senior's A'myiah Collier and LJ Layson. Both were upstanding athletes, students, and active members of the

community. LJ Layson was a member of LSH's DECA program for emerging marketers and A'myiah Collier attended Apollo Career Center. Both are using the awarded money to help further their careers!

HOLIDAY GIVING

Over the holiday season, Andre Griffin and the Legacy have been able to spread love and cheer to community members by utilizing connections with Mt. Sinai-friendship United. The Legacy's Holiday Support Program sponsored a family needing holiday or extra-curricular support. \$500 was gifted to the family of choice for them to spend in any way they saw fit.

2022 DONATIONS:

In May, the Legacy donated 2 \$500 sums to schools in the community. One was Lima Senior, the public high school district where Andre Griffin resides and the other was Shaker Heights, Andre's Alma Matter. The money went to the athletic departments for them to spend on whichever programs they saw fit. This money helped purchase team socks, new equipment, updates to the locker rooms and more.

EVENTS & THE CAMPS

In 2022, we held a successful golf outing in June and several football specific camps for members of the community. The golf outing helping raise a lot of funds and allowed the camps to be available with little to no cost to the attendees. Our largest camp was held in May and we had a record turnout. We offered skills training, exposure, and information about continuing education and athletics at the next level. Branching off of this, we dialed up our social media presence on Facebook, Instagram, and Twitter all of which can be found linked to our website below! Have a great 2023 with us.
